

TECHNICAL DATA

INDUSTRIAL HEAVY DUTY OVEN CLEANER

DESCRIPTION:

A New Oven Cleaner very effective in removing carbonaceous soils such as baked or burned on oils, fats, proteins, starches, sugars, greases, glue, adhesives, etc. It adheres to and dissolves soil on vertical and overhead surfaces. It will not harm stainless steel or vitreous tile surfaces found in food plants. It can be used as received, or diluted with up to 20 parts water to clean all types of food processing equipment, including, but not limited to, ovens, grills, vats, kettles, deep fat fryers, potato chip and doughnut machines.

DIRECTIONS FOR USE:

OVEN CLEANING, STOVE TOPS, BURNERS, HOODS, FILTERS & WAFFLE IRONS: Heat surface to about 200 F. Spray or flow on cleaner full strength, liberally. Allow to set for 3 to 5 minutes. Agitate, rinse and wipe off. Use a coarse nylon pad.

GRILL CLEANING:

1. Heat grill to a medium temperature.
2. Dilute 4 oz. to 16 oz. of water and pour on grill.
3. Flow on grill with steel spatula.
4. Scrape away loosened deposits and rinse with potable water.

DEEP FRYER CLEANING:

1. Partially fill fryer with water and add 8 oz. per gallon of water.
2. Bring temperature up to near boil and maintain until clean.
3. Empty cleaning solution and rinse thoroughly with potable water.

STORAGE AND HANDLING:

Keep out of reach of children. Store in a cool, dry place. Avoid eye contact. Refer to MSDS for additional precautions or first aid measures. For institutional and commercial use only.

SAFETY: It will remove alkyd and lacquer-based paints. Use with care on painted surfaces. Do not use on aluminum, tin or zinc plated surfaces. Pitting and surface deterioration may result.

SPECIFICATIONS:

Color	White milky viscous liquid
Odor	Mild
pH	13.5 ± 0.5
Specific Gravity	1.173 ± 0.010
Shelf Life	1 Year
Grease Cutting Ability	Excellent
Soil Penetration.....	Superior
Volatil Organic Compound (VOC)	CARB EXEMPT
